COMMENTS ON COUNTERPROPOSAL

Point Broadcasting ("Point"), by its attorney, respectfully files these comments in response to the Commission's public notice accepting Point's counterproposal to allot Channel 274A to Cazadero, California, in lieu of allotting it to Cloverdale, California, as originally proposed by the Commission.

In its counterproposal, Point demonstrated the need of Cazadero for its own station. To buttress this showing, Point has obtained letters from two persons, including Greg La Follette, a resident of Cazadero, which support Cazadero's need for a station of its own.

Point again notes that it has proposed the reallocation of its FM station KSRT, from Point Arena to Cloverdale. As a result, grant of Point's counterproposal will result in both Cazadero and Cloverdale obtaining their own transmission service.

Point repeats its commitment to apply for and promptly construct, after grant, the FM station on Channel 274A at Cazadero, California.

Accordingly, the Commission should allot Channel 274A to
Cazadero, California.

Comments of Greg La Follette

I am in support of the petition of Point Broadcasting to allot channel 274A to Cazadero, California as the community's first local service. Cazadero is in need of its own broadcast service. Cazadero receives poor radio reception due to the surrounding terrain and remote location. A new FM service would provide the community with improved access to disaster and emergency information.

I request the Commission to amend the table of allotments, FM Broadcast Stations (73.202(b)) to allot channel 274A to Cazadero, California.

Respectfully Submitted,

Signed
